

YOU CAN BE A CHAMPION, TOO!

Join CEAM and education heroes from Missouri on Thursday, October 13, 2016 as we honor KIPP: Inspire Academy and North Side Community School with the Champions of Education Reform Awards. This annual award is presented to people or organizations who are "reimagining education."

This year, we recognize the only two schools in Missouri shown by the Education Equality Index to have little to no achievement gap for low-income students!

The event includes a cocktail reception with the honorees followed by dinner and awards. Proceeds support CEAM's Parent Academy, a policy training and engagement program for parents and others.
